Cave Hangar

Technology “Cave” hangar in US Army pattern, adapted from the Chinese server

NOW 0.9.17.1 Compatible

NOTE: If WG has a “special” garage up for an event, this garage will NOT override it. It will show when the event is over. **WILL** override the current Winter Festival hangar

Manual install only! Place all directories in the archive (zip) into the res_mods/x.x.x directory. Where x.x.x is

current version of the game. To change flags, see instructions below. After installation, WG will give a **caution message** on first boot about installing a “new bank”. This is for the hangar sound bank, just select OK and WoT will reboot and work fine.

Options

Changing Flags

Default is for a US Army garage, to change service branches follow these directions. After installation:

- Look in the Option/flags folder in the download archive or in the res_mods/x.x.x folder if you moved it from the archive
- Find the directory of the flag you want to use and copy those files into the res_mods/x.x.x/content/Environment/Hangar_IGR_CN/hangar folder
- Flags included are: AU, blank, CA, GER, GER w/swatiska, ISAF, Nato, UK, US Army (default), USA/CSA, USAF, USMC, USN, USSR/GER/WW2, World flags
- Reload the game
